

Dedicated to LGBT youth that have taken their own lives as a result of bullying, harassment and campus homophobia.

The Trojan family, like most other families, has some members who are gay, lesbian, bisexual or transgender, and many others who count themselves as allies.

Each one of us who has signed below celebrates National Coming Out Day, and we are proud to advocate a safe and respectful environment for every member of the USC community. By adding our names to this list, we are saying this day matters to us. We're saying we want USC to be a place where all belong, where all feel welcome.

Today, some of us are proud to come out as gay, lesbian, bisexual, or transgender. Others of us are proud to count ourselves as allies and continue to support those who come out. Together, we are your fellow students, professors, alums, co-workers, roommates, and friends in the Trojan family!
